

SANJAI KUMAR R

+91 9655920225 r.sanjairsk@gmail.com LinkedIn GitHub Portfolio

Summary

B.Tech student in Artificial Intelligence and Data Science who enjoys building projects, participating in hackathons, and learning by working on real problems. I like exploring new technologies, turning ideas into working applications, and improving my skills through hands-on experience and collaboration.

Education

M. Kumarasamy College of Engineering	2024–2028
B.Tech in Artificial Intelligence and Data Science	CGPA: 8.70
Mount Giris Matric Hr. Sr. Sec. School	2022–2024
Higher Secondary	87%

Projects

INTRALINK – Real-Time Civic Issue Management Platform

[GitHub](#)

Developed a citizen-authority platform for reporting civic issues using images and location data, with role-based access, real-time notifications, issue status tracking, and responsive web and mobile interfaces.

SIGNNOVA – AI Hand Gesture to Speech & Text Converter

[GitHub](#)

Built a real-time computer vision application that extracts hand landmarks using MediaPipe and recognizes gestures to convert them into text and speech through an interactive web interface.

SMART ALERT – AI-Based Emergency Detection & Alert System

[GitHub](#)

Developed an AI-powered emergency monitoring system for detecting situations such as fire, accidents, and robbery from live or captured visual feeds, with dashboard-based monitoring and automated alert support.

Experience

Java Developer Intern – Cognifyz Technologies Nov 2025–Dec 2025
Online

- Worked on Java development tasks and strengthened practical programming skills through an online internship.
- Developed a Java Face Attendance System, applying Java programming concepts to build a practical attendance application.

Technical Skills

Programming Languages:	Java, Python, C, SQL, JavaScript
Frameworks:	React – Frontend, Spring Boot – Backend
DevOps & Tools:	Linux, Jenkins, Docker, Kubernetes, Git, GitHub
Database & Cloud:	MySQL, MongoDB, PostgreSQL, AWS

Certifications

Machine Learning with Python – IBM	Jun 2026
Data Analysis with Python – IBM	May 2026
Microsoft Applied Skills: Get started with Azure management tasks – Microsoft	Apr 2026
Climate Hazards and Disaster Mitigation – NPTEL (IIT Indore) – Elite	Apr 2026
Introduction to Python – IBM	Jan 2026

Achievements

- Microsoft Student Ambassador & Google Student Ambassador
- 1st Place – Project Expo, M. Kumarasamy College of Engineering
- 1st Place – Stranger Thinks, Unstop Igniters Club
- 1st Place – Genesis'26, Syntax2Code
- Top 500 – PitchKaro India – Selected among the top 500 from over 7,000 applications in a national-level startup competition.
